

## **Creative dance and movement workshop for musicians together with dance company „PADI DAPI Fish“**

During the workshop, through various creative tasks, improvisation, work in groups and couples, also stretching, you will develop body movement, mobility, a sense of space and prepare for an active day. Exercises, created especially for musicians, will help you find new links between music and dance while actively incorporating the body and therefore expanding your movement and artistic boundaries.

### **Dance company "PADI DAPI Fish“**

Dance company “PADI DAPI Fish” – theater professionals working in the contemporary dance field creating dance and music performances, immersive theater, site-specific performances, promenade performances, dance education projects and theater laboratories. The highest professional theater scene awards winners, who have been working as a company in Klaipėda for six years expanded their geography to many countries abroad. We speak the universal language of dance, unrestricted by any censorship or political, cultural, ethnic, religious or social boundaries.
